

CIRCUS, CINEMA & CELEBRATION DAY!

Dear Parents of children Key Stage One and Key Stage Two,

You may have spotted that we haven't sent home any details about this year's visit to the pantomime. As a result of parent and pupil feedback, we're going to be trying something new this year. We'll still be visiting the pantomime once every two years but this Christmas will be our first Circus, Cinema and Celebration Day!

On Wednesday, 14th December, children are invited to come to school wearing their Christmas outfits and prepared for a day of fun. Every child is going to have the opportunity to have a go at learning some circus skills with their friends, including stilt walking, plate spinning, juggling and diablo tricks!

If they're not off 'circusing' then they'll be enjoying the magic of the big screen in their classrooms with a chance to enjoy a movie or two with their friends. Don't worry about sending in cinema snacks, these will be provided!

Instead of our usual lunch in the hall, we'll be enjoying class parties with lots of delicious sandwiches, fruit and vegetables . . . and possibly a biscuit or cake or two! The sign-up sheets for bringing in food for the party will be appearing in your child's classroom over the next few days, so please do sign up for this. School lunches will not be available to order for this day.

Party games and activities will be happening throughout the day and our hope is that the children have more time to enjoy these activities than they may have done in previous years when we've had to rush back from the pantomime.

Excitingly, to ensure that children are still experiencing the magic of the theatre, Reception and Key Stage One will be welcoming a travelling theatre company in to school towards the end of the academic year. In June, Key Stage Two will be enjoying a visit to the theatre for a fabulous performance of a wonderful children's classic! Further details about both of these events will be available nearer the time.

The children in Reception and Nursery will have a similarly exciting day on Friday, 16th December and further details will be sent home today.
