

### Maths Homework – Spring Term

For the next term, we will be sending maths homework home with the year 6 children. This is a fantastic opportunity for them to practise a range of mathematical skills and become accustomed to test based questions. This homework is entirely optional, but it does give them chance to explore any areas they do not feel comfortable with, which we can then go through with them throughout the week.

Homework will be handed out on a Monday and is due in on the following Monday, if they want it to be marked by the teacher.

If you have any questions or concerns with regards to the homework, then please do not hesitate to speak to Mrs Price or Mrs Jones, who will be happy to help.

Thank you for your support
