

Governor News September 2018

Before the Summer break, there was a full governor's meeting to review ongoing school initiatives and implement action points regarding ongoing issues.

Governors are pleased with the school website and will continue to work closely with staff to maintain and improve its effectiveness. We would strongly urge parents to visit the website as it updated regularly and continues to be a main source of communication.

In the Governor's section of the website you will be able to re-read important information such as the Governor's letter from 12/07/18 regarding changes in using the lay-by and Parent Questionnaire feedback from 10/07/18. Please also take the time to read the weekly newsletter in the News and Events section of the website or via your email.

Governors have also updated their profile pages on the website so you can find out more about us. We are delighted that Tapestry has gone from strength to strength in Early Years and we look forward to it continuing to develop further in Key Stage 1 this year.

Parent Questionnaire

Governors are pleased with actions taken following response from the questionnaire. Half termly curriculum Newsletters were introduced at Easter providing more detail on children's learning amongst other initiatives.

The Wider Community

Bewdley Primary proactively looks for ways to develop strong links in the wider community and was delighted with such a positive response from the community following the Bewdley Carnival. We will continue to work closely with staff to build on this relationship.

Governor visits

We continue to enjoy a warm welcome into school and Governor walks took place in the Summer term with a focus on Maths in response to the development of the 'Maths No Problem' scheme across the school. It was clear that exciting changes have taken place in children's learning of Maths at Bewdley Primary. Further training and development will follow this year to ensure continued success.

Welcome new staff

Following the success of Single Year classes last year, the decision was taken to maintain this structure. Resulting from this positive development, Governors would like to take the opportunity to welcome the following new teachers to Bewdley Primary School from September.

Joining the team in Reception, will be Megan Hinton. William Fallows will be joining the Lower Key Stage 2 team and Charlotte Jones will be working in Key Stage 1, Year 2. A warm welcome to you all.

Do remember that school issues need to be taken to your child's class teacher or Mrs Woakes. If you then feel the need to contact Governors please do so via the e mail address below.

We do need another co-opted governor on our board. This is NOT a parent but maybe an interested Grandparent or friend or associate in the local area who would be an asset to the Governing body. If you can think of anyone then tell them to get in touch with Mrs Woakes, Mrs Court School Manager and Governor or e mail our clerk Anne Booth for further information:
