

13th January 2021

Dear Nursery Parent's/Carers,

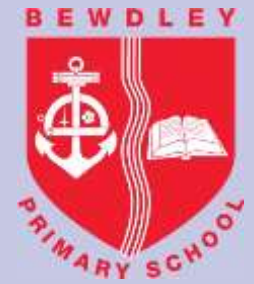

As you are aware this is a challenging time for us all and to make things easier for everyone we would appreciate it if you could comply with the following rules if you decide to change your mind and send your child back to nursery.

If you have decided to keep you child at home and you decide that you would like your child to start attending nursery again, then please notify us by no later than 10am on a Wednesday morning if you would like them to start attending with us the following week.

However, if it is an emergency and your circumstances change and you need childcare to start back up straight away, then please phone the school office on: 01299 403796 to discuss this further.

Take care and stay safe,

Carly Talbot
Nursery Administrator
