

Opening of Bewdley Primary School – Monday 25th January

We are planning on opening tomorrow **only** to support **key workers** where sending their child to school is **a necessity** so that they can carry out critical work.

The school site and surrounding paths and roads are hazardous and we are not able to clear it due to staffing issues. Therefore, if you are able to stay at home tomorrow, we **urge** you to do so as we are only opening for those that simply have no other option.

It would be helpful if you could advise us via office@bewdleyprimary.worcs.sch.uk if you intend to send your child to school.

We will assume you are not sending your child if we do not hear from you by 5.00pm today.

Please be aware that if conditions deteriorate further overnight, we may have to close completely for the safety of staff and pupils. Thank you for your support with this.
