

**Over 6,000
free ebooks
for kids!**

We are very excited to launch the use of myON for the children in Years Two to Six. myON is a digital library with thousands of ebooks for children to choose from and it links with Accelerated Reader, our school reading program. The digital books available can be tailored to children's interests and will allow your child to read books within their ZPD (level) independently, or together as a family, during this home learning period. Your child's teacher can view the books they have read and see how long they have read for too. Once your child has read a book, and they feel confident with the content of it, they can earn points by completing an Accelerated Reader quiz using this link

Below is a guide on how to set up your child's myON account. Your child's username and password is the same as their Accelerated Reader login details. Please ask your child's teacher for a reminder of these if necessary! Happy reading!
