Parents evening

During the week beginning 10th May 2021 and 17th May 2021, we will be contacting you by telephone to discuss your child's progress and wellbeing. We will be giving each child's parent or carer a specific date and a time when they'll be contacted and estimate that the calls will last between 5 to 10 minutes but we'll give you a 30 minute 'window' for when you'll receive the call.

As there were several weeks when your child may not have been in school, due to lockdown, and were participating in home learning, we are also keen to hear what you feel have been their main strengths and challenges during this period.

If the time or date that you've been allocated is not suitable, please let us know as soon as possible and we will try to rearrange the appointment for you. We'd also like you to provide us with the telephone number that you'd like us to use to get in touch so that we use the most appropriate number for that time and day.

If a child's parents do not live together then we can arrange for separate phone conversations to be made but please do let us know if this is an option that you'd like to action.

Year 4 and Year 6 residential trips

All balances/costs will need to be paid before the trip takes place via Parentpay. Please contact the school office if you have any questions.

Have you moved house?

Have you changed your phone number?

If any of your contact details have changed recently and you have not advised school, please email the school office on office@bewdleyprimary.worcs.sch.uk with your new details.

Reception Eye Tests

Children in Reception will be having their eye tests on **Thursday 20th June**. A letter has been sent home. Only return the consent if you **DO NOT** want your child to have an eye test. If you do return the consent form please send it to the school office.

Year 5 Bikeability

We are pleased to say that Bikeability for year 5 children will be taking place w/c 28th June and w/c 5th July 2021. A letter has been sent home today. We will send further details to let your child know which week they will be doing Bikeability once payment is received.

Completed forms need to be returned by **Friday 14th May 2021**. You will then be charged via your parent pay account.

Scholastic Spring book club

There are **only 7 days left to order** from our latest **Scholastic Book Club**. Just go to <https://schools.scholastic.co.uk/bewdley-primary/digital-book-club> to browse the latest books and place your order.

Every £1 you spend on this month's Book Club will earn **20p for our school** in Scholastic Rewards.

We think you're going to love the new selection of books this Spring – there's lots to be excited about and all at pocket money prices too. As always, there's a book for every kind of reader.

Water Bottles

Please remember to send a water bottle to school with your son/daughter filled with water, no juice or squash please. We are unable to use the water fountains due to Covid and the very limited supply of bottles we have has run out.

Children are welcome to refill their bottles throughout the day.

Symptoms

The main symptoms of coronavirus (COVID-19) are:

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

If you have any of these symptoms, get a test to check if you have coronavirus and stay at home until you get your result. If you have one of these symptoms please visit a test centre for a PCR test, do not use a Lateral flow test kit.

Booking a PCR Test

Get a free PCR test to check if you have coronavirus (COVID-19) by visiting

<https://www.gov.uk/get-coronavirus-test>

You can order a PCR test kit to be sent to your home or book an appointment at a walk-in or drive-through test site.

If you have symptoms, you and everyone you live with must immediately [self-isolate](#). Do not leave home until you get your test results, except to post a test kit or for a PCR test appointment.

You should not use this service if you've received a positive PCR test result in the last 90 days, unless you develop any new symptoms.

Rapid Lateral Flow Tests

Around 1 in 3 people with COVID-19 do not have symptoms. The lateral flow tests are used in people who don't have symptoms. These tests are trying to find people who may have no symptoms but are infectious.

This type of test is very good at identifying people who have lots of the virus, and are infectious on the day, but isn't as good at finding the virus in people who aren't infectious yet (i.e. early in the infection), so they are a kind of spot check test.

The PCR tests are better at finding very small amounts of the virus, especially early in infection, so these are used primarily in people who have symptoms.
