

New Year 1 Drop Off and Pick Up Point

Following feedback in our recent Parent View questionnaire and due to our own safety concerns, we have made the decision to alter the drop off and pick up points for our Year 1 children.

From Monday, 19th February (the first day after half term), the drop off and pick up points for our Year 1 children will be from the corner of our playground, known with the children as the Magic Corridor. The children use this entry and exit point every day during break and lunchtimes and are very familiar with the route to their classrooms.

In the mornings (between 8:25am and 8:35am), all Year 1 children will enter school via the Magic Corridor.

You'll find Miss Ward and Mrs Hinton-Donnelly waiting for you!

In the afternoons (3:00pm), to avoid a bottleneck and to make the collection process more efficient, the two Year 1 classes will come out of school from different exits.

Butterworth class, with Miss Ward, will come out of the same door that they enter in the morning

Donaldson class, with Mrs Hinton-Donnelly, will be coming out adjacent to this, using the wooden gate near to Nursery.

We know that while everyone gets used to the new routine there may be a few teething problems but hopefully the new system will eventually be quicker and safer for everyone!
