Monday 10th February 2025

Dear Parents and Carers,

We have been notified today that Worcestershire County Council have granted permission for the new building development opposite the Leisure Centre to install 2-way temporary traffic lights onto Stourport Road for the next 2 weeks.

This will have a significant impact on what is already an incredibly congested road at the start and end of school. We appeal to parent/carers who drop their child at school to avoid driving down Stourport Road wherever possible.

With school coaches and other vehicles using Stourport Road, the risk to students is greatly increased with parked vehicles on either side of the road, along with the addition of temporary traffic lights. Already, at times, only a single file of vehicles can pass through and this is dependent on continuous flow in both directions, which will now not be possible with the traffic lights.

We appeal to all parent/carers at both the Primary & Secondary School to not park/use Stourport Road for the next week while the temporary lights are in place. Please also share this information with anyone else who may be involved with the drop-off or collection of your children. We would also advise allowing additional time to get to school, if you must use a vehicle to get to school.

We thank families, in advance, for their support with making Stourport Road as safe as possible for our pupils over the coming weeks.

Many thanks,

Amanda Bradley
Headteacher
