

Year 3 Trip to Blists Hill Victorian Town!

IRONBRIDGE
Valley of Invention

On the **17th June 2025**, we are hoping to take the children to Blists Hill Victorian town for an amazing, immersive day living like Victorian children. It is a great day out for all and the children always come back with an incredible amount of new knowledge all about the Victorians (and a new found appreciation for how nice school is now, compared to back then). The children have the opportunity to complete a lesson in a Victorian classroom with their very own Victorian teacher. They will also have time to walk around the village, explore mining tunnels and look in shops, and should they wish to bring spending money, can even ride fairground rides, and maybe try some Victorian sweets! We have also been super lucky this year to get longer in the town before heading home, which will mean that **the children will return to school at 4 o'clock**.

This is an amazing trip and we would really love to take the children! We need to know whether the trip can go ahead before we return from the Easter holidays.

Unfortunately, if we do not have enough responses, we will have to cancel the trip and that would be such a shame

for the children. **The cost of the trip is a maximum of £23.10.** We appreciate that this is one of our more expensive trips but it really is an amazing learning opportunity for the children and an absolute highlight of our time in year 3 every year!
