

# Space Planetarium

Tuesday 15<sup>th</sup> July

Dear Parents/Carers,

Welcome to Year 5 (almost!). As part of our science lessons in September, we will be investigating '**Earth and Space**'. Wouldn't it be great if we could see some of it in action? Sadly, heading to space is possibly a bit out of reach but we have found the next best thing!

On **Monday 29th September**, we have an opportunity for the 'WonderDome' to come into our school offering an **immersive planetarium show** for Year 5. As part of this, the children will be transported on a cosmic journey, exploring the wonders of the Universe. The show is presenter-led and will cover areas from planet formation to the birth and death of stars, from launching rockets to stepping foot on other worlds. We are hoping it will be an unforgettable opportunity to bring the marvels of space into BPS!

The cost of this is **£7.00** per child. This experience will only be possible, and go ahead, if we get enough responses so, please follow the link below, which will take you to our **Promise to Pay survey** to say whether you give permission. The visit will not be available on ParentPay until we have received a response from all parents and can therefore calculate whether we are able to continue. **The deadline to complete this is this Friday (18<sup>th</sup>) at 4pm.** To reiterate, this is not to pay for the trip, just to say yes (or no!).

Many thanks,  
Year 5 team 😊
